and he expects to live two hundred years

more indebted to Darwin or to the monkey. The monkey side of the question has powerful advocates.

—A man, who has been among 'em, says that Kate Field is a good pistol shot, Miss Harlett swims like a duck, Elizabeth Cady Stanton is a scientific angler, and it is intimated that Susan B. Anthony plays a rattling game of draw-poker.

—Merchants and planters will find the weekly commercial review of the APPEAL especially valuable this morning. It is a complete and perfect reflex of the present condition of all our markets, accompanied by suggestive editorial remment.

-It is stated that the Supreme Court of efficiency.

ment are as follows: Probate, Quorum,

he lady came near dying from the missome people by tying that shoe so much. Philosophers are not all dead.

-It is quite cheering to see how much our city is improving. On Sunday we strolled through the beautiful neighbor-hood of St. Agnes, and within four blocks we counted fourteen buildings finished and in the course of erection—some of them of the most chaste and beautiful design. The new home of Wm. M. Farrington, Esq., from designs by Baldwin & Jones, is an elegant residence; and many others in that neighborhood deserve nothers in the neighborhood deserve nothers in this sum and nother the middle of his forehead—after a few more it fisses to about the middle of his forehead—after a few more it the sum of non-explosive oils, se-called, the daily record of deaths resulting from the daily record of deaths resulting from the use of non-explosive oils, se-called, the daily record of deaths resulting from the use of non-explosive oils, se-called, the daily record of deaths resulting from the daily record of deaths resulting from the daily record of deaths resulting from the use of non-explosive oils, se-called, the daily record of deaths resulting from the daily record of deaths record the daily record of dea others in that neighburhood deserve no-tice. We will visit there again.

ion that no thickness less than 2,000 or When there's sunshine in the heart, 2,500 miles would enable the crust to resist the tide generating force of the sun and moon. A thinner crust, he says, and moon. A thinner crust, he says, and moon. A thinner crust, he says, would be bulged up by a tide within the molten mass like the tide of the ocean.

molten mass like the tide of the ocean.

—Here is a Vinnie as cool and fresh as an early morning in October. She is a full-blooded Indian, very dark, but not ill-looking. She wears a single garment of linen cloth, which clings to her figure, and is inverely confined around the waist by a scari of blue gauze. Her hair is cut close in front and around the ears, then is left to flow upon ber shoulders. A handker-chief of bright yellow silk is bound around her head and is tied in a loose knot behind; her arms are bare to the shoulder, and her ankles likewise, her naked feet being confined in richly embroidered moccassins.

WHY PRINTERS ARE DISSIPATED.

A certain type, whose nose shone in the dark like a light-house, from the effects of steady and copious libations of stimu-lants, having been asked why printers were dissipated, astoniahed the questioner by the following nest answer: When others shunned the murky sky,
Where flash on flash was bright'ning,
Great Franklin went to fly his kite.
And bottled up the lightning. "And since his time, when cares oppr And the hard times are tight ning. The grinter seeks to drown his woos In draughts of "bottled lightning."

When badly tattered-his warm heart A place for grief to rankle in— He takes the "lightning," files his kite And thinks himself a Franklin," Our devil, seeing the apove going the rounds of the press, added: And when at night I go for copy
To Coleman who runs the lifenin,
I'm cussed for slow, when streets are sloppy.
And must allers keep a "kitin."

And lightning move by nervous f I'll be a "rapper" and tell it all By will and sympathy, of course.

We'll talk to all the world By agencies now unknown, And the devil no more be pushed Into the street to curse, and grant, and groan.

Earth's mysteries to all their sources. Be traced in all their depths and hight. Old Ben knew nothing, Morse still less, The world keeps waggin' in its onward way Lightning the devil will yet caress, That the time may come—let us pray. THE WEEKLY APPEAL

THE STRAMBOAT KATIE PUT TO HER A. E. FRANKLAND, 195 & 197 Main Street. METTLE, Captain White, of the steam-boat Katle, having yesterday completed he general rejuveration of his steamer nvited a few of his friends for a short excursion up the river. Backing out from the foot of Jackson street where she had been lying, she proceeded down the river about the distance of one square whence she started up stream. Passing the eleva-By A. Faller & Co. Sea'l Augtion'rs, 214 Front St., above Adams tor, the starting point, the time was noted to be 10:38. Carrollton wharf was passed at 10:55; at 11:24 she receded Harry Hill's Gate; and passed Elkhorn Landing 11:29%; making the entire run in A complete assertment of Dry Soods and minutes. The result was most aston ing to Captain White and his friends view of the fact that the wind was d absed, he hardly hoped to equal the average time made by some of the fast one Of course the friends of the steamer as jubilant over her performance, and feel confident that she can do still better.
